Health and Human Rights Clinic

**HAVE YOU STRUGGLED TO AFFORD
HEALTHCARE OR MEDICINES?**

If you or someone you know is dealing with the challenge of affording healthcare treatment or prescription medicines, the Health and Human Rights Clinic at Indiana University McKinney School of Law would like to hear your story.

Please contact us at quigley2@iupui.edu or (317) 759-1670

The Health and Human Rights Clinic works to help our community become a place where the best health care is available to all. Part of our work is lifting up the voices of people who struggle to get care and medicines—through our Healthcare Access Story Project.

SO WE NEED TO HEAR FROM YOU.

We hope you can tell us about your experiences with insurance, prescriptions, affording treatment. By sharing your story, you help us push for positive change. And you are speaking up for people who face issues just like yours.

Please contact us and share your story, or share this notice with someone who has a healthcare access story to share. We will get back with you to discuss your story, and possible opportunities to share your story publicly.

THANK YOU!
